

## Paideia Affiliate School Application

---

### Application steps:

>Print copies of the *Paideia School Rubric* (off our School Membership page).

>Convene a representative group (including: a school based administrator, a teacher, and either a parent or a student). As a group, discuss the components of the Paideia School Rubric. Agree to individually rate your school on each item of the Rubric taking into account whole school patterns.

>Once all members of the group have completed the Rubric ratings, compare by sharing ratings one at a time. If there is a lack of consensus, provide examples and discuss to arrive at an average for each component. At the end of this collaborative assessment, develop a two or three sentence summary describing the school's strength in Paideia.

>A representative from the group should then complete and submit the Paideia Affiliate School Member Application information below along with \$500 payment (contact us if you prefer to pay with credit card).
